MS. DEBORAH BARROW JOINS LIBRARY STAFF

We welcome Ms. Deborah Barrow to our Doheny Campus. Ms. Barrow,
currently a University of Southern California library school
student, is from Guyana, South America. As part of her

Introduction to Librarianship class, Ms. Barrow will be completing a work-study
practicum in the library under the supervision of the Librarian. The purpose of
the practicum is to allow library school students the opportunity to gain on-the-job
experience prior to obtaining their degrees.

I sincerely hope the faculty, staff, and students will help
to make this experience a rewarding one for Deborah.

If anyone has seen or knows the whereabouts of volume 1 and/or volume 2 of the
Encyclopedia Americana, the Library staff would appreciate their return or information
leading to their return. Every student should have equal access and opportunity to
use all library materials, particularly reference materials.

Would you like to tell others about our college with an emphasis on the Doheny Campus? How did you hear about Doheny? We need your help in telling others about our College: both off-campus at your high school or at other "student-places," and on-campus when students, families and friends come for informal visits.

If you are interested in helping us to aid others to "find themselves" here at Doheny, please sign the form below and return it to Sister Julia Mary in the Admissions Office in Bldg. 10, or give it to Sister personally when you see her on campus. Thank you.

I wish to help in recruiting efforts here at the Doheny Campus.

MID TERM IS TIME
TO EVALUATE

At mid-term the Doheny A.A. program offers an "early warning system" for students who have a "D" or an "F" average. Faculty members note the reasons for the grade on the Unsatisfactory Work Report and give a copy to the student, to her advisor, and to the Academic Dean. Conferences are set up between the instructor and the student, so the student understands the cause for the low grades and can work to pass a course. As part of the Doheny support system, the academic advisor also assists the student to take steps to improve her grade.

The first art exhibition of the year. "Lax Six," opened the evening of October 25 at the Chalon Campus Art Gallery.

"LAX SIX" is a photographic exhibition featuring the works of six photographers who present their highly individual views of Los Angeles and its surrounding communities.

The six photographers included in this showing are Robert Cummings, Anthony E. Friedkin, Anthony Hernandez, Gary Krueger, Ben Lifson, and Roger Minich. All are well known, both locally and nationally, and should present the viewers with entertainment and insight into different aspects of the "L.A. culture." You are cordially invited to visit the Chalon Campus to view this special presentation.

Congratulations to 2nd year nursing student, SHARON TOMAC, who is the recipient of a \$250 scholarship from the Blue Cross of Southern California. Sharon will receive the scholarship check on November 30.

STUDENTS HEARJOHN GOODLAD OF UCLA

Freshmen in the Pre-School specialization attended the opening general session of the Annual Conference of NAEYC (National Association for the Education of Young Children) last week at the Anaheim Convention Center. Keynote speaker Dr. John Goodlad, dean of UCLA Graduate School of Education, described the differences between schooling and education. Education he defined as shaping the whole human being who can, in turn, help to re-shape society because of the good person he is educated to be; Dr. Goodlad described schooling, on the other hand, as preparation of a person for his immediate use and service in a society that already exists.

Freshman DOLORES SALAZAR attended the entire conference, November 11-14.

MOUNT ST. MARY'S COLLEGE - DOHENY CAMPUS  
Associate in Arts Programs

POLICY CONCERNING GRADE OF INCOMPLETE

As you may have noticed in the 1976-1978 college bulletin, a fee of \$10 has been established for removal of a grade of Incomplete (page 16). This fee is intended to provide a partial reimbursement for the added services the student receives when an INC is taken -- registrar services, recordkeeping, additional time for the instructor, etc. It brings the Mount into line with most other colleges in this respect.

In order to regularize the interpretation of the grade of INC and to provide a procedure by which the fee is paid, the Academic Board, on November 17, 1976, has established the following academic policy, effective immediately:

"An Incomplete should be given only when a student:

1. has fulfilled the majority of the course requirements,
2. has a passing grade in the class work,
3. is prevented from completing the assigned work for serious reasons, e.g., illness, death in the family, etc.,
4. has consulted the instructor prior to the grading period and the instructor has determined that the student can realistically complete the work within one term/semester.

An incomplete will remain as such unless removed by the instructor within one term/one semester. The incomplete is ignored when computing the GPA.

An incomplete can be extended beyond one term/one semester only upon petition to the Academic Dean."

Re: Procedure for Changing INCOMPLETE to a Letter Grade

- 1) Instructors should keep a record of all INCOMPLETE grades by keeping the computer grade sheets (pink) which will be returned after each grading period.
- 2) The student is responsible for completing the required work during the allotted time and delivering it to the Instructor for evaluation.
- 3) When the Instructor determines that the student has satisfactorily completed the course work, he/she:
  - a) changes the INCOMPLETE to the letter grade on the pink sheet;
  - b) sends the pink sheet to the Registrar's Office.
- 4) The Registrar files the pink sheet in the change of grade file and mails the following card to the student:

Name \_\_\_\_\_ Date \_\_\_\_\_

The Office of the Registrar has been notified that you are eligible for a grade for \_\_\_\_\_  
for which you received an INCOMPLETE during the \_\_\_\_ term.

Take this card to the Business Office to pay the fee for the change of INCOMPLETE to a letter grade. (Catalogue '76-78)

When the fee is paid, the Business Office will return this card to the Registrar's Office. The Registrar will adjust your grade and then return this card to you.

\_\_\_\_\_  
MSMC Business Office

Fee (\$10.00) paid \_\_\_\_\_ Date \_\_\_\_\_

\_\_\_\_\_  
MSMC Registrar's Office

Your grade has been adjusted from an INCOMPLETE to \_\_\_\_\_

Date \_\_\_\_\_ Registrar \_\_\_\_\_

- 5) When the Business Office returns the card to the Registrar's Office, the Registrar adjusts the grade on the student's transcript and returns the card to the student.
- 6) The Registrar signs and dates the pink sheet when the correction has been made on student's transcript and returns the pink sheet to the Instructor.

## CAREERS CLASS SLATED FOR SPRING

Still undecided about what you would like to do for the rest of  
your life? One way to work out some answers is to take a one-  
unit course in Careers (SPR 99) during Spring Term, 1977.

Sister Margaret Anne will meet with the group one hour each week to help students  
analyze their skills, talents and preferences, explore careers, and learn to complete  
applications, write resumes, and prepare for interviews. Contact with professionals  
in the field will be made possible.

If you are interested, please sign the list in the A.A. office  
with Lucille. A convenient class hour will be announced after students sign for the  
class.

FROM THE OFFICE FOR
STUDENT DEVELOPMENT

Talent Show tryouts and rehearsals are scheduled for January 11 and 12 in the Lecture Hall. We hope you will have your acts ready at that time. All students are welcome to take part.

You may have a solo number or a group number. Please plan to take part in this coming event.

Are there any new "sounds" you would like to hear in the juke box? Please leave your list on the juke box. Since we sold many of the old records at the Christmas Fair, we want to spend our money on songs you would like.

Thanks to all of you who took part in the Christmas Fair. Many are pleased with the beautiful handmade articles they now have for their Christmas gifts. The Fair was indeed a success.

Merry Christmas to all; may the Christ Child grant to each one of you the many graces you need for the coming year. Try to get some rest during the vacation period.

~~~~~

One issue of the Doheny Happenings is planned for the middle of Interterm. The deadline will be posted on the 24-Hour bulletin board in January.

The Pre-School Science and Social Studies Interterm class will sponsor a Walk-Through Science Open House as a culminating class activity on Tuesday, January 25. The anticipated goal of this project is that it be a "doing museum" where children and adults can learn by active exploration, by looking, listening, feeling, smelling and experimenting.

Although the project is intended as in-service for parents and students enrolled in the Child Development Center on the Doheny Campus, any faculty, students and friends of the Mount who have children between the ages of two and five and who would like to attend the Open House with them are cordially invited. -----  
There is a tennis ladder on the 24-Hour Bulletin Board for all of you who are interested. If your name is not there, and you are still interested in joining, write your name on one of the rungs. This is how it works: you may challenge the person directly above you or the person who is on the second rung above you. If you win, then you change places on the ladder. The object is to climb to the top of the ladder. You must play at least one challenge game a week. Play at your convenience, and remember you may not climb more than two rungs at a time. Mark the chart as you play.

ATTENDANCE POLICY  
FROM BULLETIN

As the Spring Term begins, I wish to remind students of the Mount policy regarding attendance:

"Since regularity and punctuality are essential to the successful pursuit of study, the number and character of student absences will be taken into account in determining academic grades. Unless proof to the contrary is furnished, an instructor will assume that an absence is without serious cause."

"There is no provision for a system of allowed cuts and absences. In the case of prolonged absence because of illness or other serious reasons, the recommendation of the A.A. dean is required for the student to be reinstated in class. Students may be dropped from a class for excessive absences when, in the opinion of the instructor, further enrollment in the class would be of little value to the student. Occasionally, a student is excused from class attendance by the A.A. dean in order to represent the college at some function. The student should inform her instructors of such excused absences and secure from them assignments for the next class."  
(1976-78 Bulletin, p. 27).

At Doheny, students should call and leave a message with the switchboard operator regarding any absence from class. Instructors will be notified by note in their mailboxes in Bldg. 10.

Sister Margaret Anne  
Dean, A.A. Program

To: Doheny Students  
From: Alita Covell  
Chairperson for Religious Activities

Father Peter Banks, who visited our campus a couple of weeks ago and talked with some of our students, has offered his time to return once a month so that the students may receive the Sacrament of Reconciliation if they should so desire. He also expressed the thought of celebrating Mass on either a Tuesday or a Wednesday, perhaps in one of the classrooms. He is aware that many of the girls have only a limited amount of time between classes, so the Mass would last only about a half hour.

This will be one chance our campus needs to join together in a casual atmosphere of friendship. I hope that those of you who will be able to attend will see the value in this and help make it worthwhile and possibly a regular occurrence on our campus.

Please indicate at which half hour, on either Tuesday or Wednesday, would be most convenient for you to attend.

Dear Students, Faculty, and Staff,

"Celebrate" was indeed a fitting theme for the celebration of our Jubilee on March 18. The messages of congratulations, the banners, corsages, cards, and especially your presence at Mass--all were a source of great joy to us. Please know that you have been remembered in our prayers of gratitude.

A special "Thank you" to Alita Covel, Brigid Fitzpatrick, Bernadette Gonzaque, and Sister Leo Francis, who initiated and planned such a beautiful and meaningful Liturgy.

May God's blessings be with each of you!

Sister Julia Mary and Sister Joseph Adele

WORK REPORTS  
TO BE ISSUED  
AS STUDENT SUPPORT

As another dimension of our Doheny support system, students are notified by instructors at mid-term if they are earning a grade of D or F. The student receives a copy of the Unsatisfactory Work Report, and her advisor and the Dean also receive copies. As soon as possible, consultation and plans for improvement are then made with the instructor and the advisor so that a passing grade is possible for the course. If a student receives notices in two or more courses, Sister Margaret Anne also discusses the situation with the student.

### SPECIAL FOR RETURNING STUDENTS

What will you be doing next January?

"That's too far away to plan!" you exclaim. "How do I know what I'll be doing?"

Well, it isn't too early to plan if you want INTERTERM 1978 to be SPECIAL for you.

Perhaps you would like to travel through Mexico for a month, expanding your knowledge of and appreciation for our neighbors to the South. It's not too early now to begin saving money for a January you will never forget.

Or maybe you would like to prepare yourself to take the California Real Estate Salesman Examination so that you can earn money in a new avocation or understand better how to buy or invest in property.

On the other hand, you may wish to fulfill a religious studies requirement by studying the bible as literature, and, in the process, learn more about people and their free choices through the fascinating storytellers of biblical times.

Then again, you may wish "to get away from it all," leaving books aside for a month to develop some of your artistic talents: designing and constructing marionettes, getting acquainted with the joys of watercolor painting, weaving, or ceramics.

Maybe your rich uncle will ask you to name anything you want for a gift: you could discreetly mention the Fine Arts Tour of Europe (London, Paris, Rome, Florence, Salzburg, Vienna) next January during Interterm.

"But," you argue, "I have no rich uncle, no desire now to travel, and a part-time job which will keep me close to home next January."

Don't fuss; don't fret. You can still select from a variety of experiences which will be offered at Doheny Campus during Interterm 1978:

1. Drama as a Literary and Performing Art
2. Come Back to Your Senses (The Study of Poetry)
3. Serigraphy (Silk Screen Printing)
4. Spanish for the Medical Worker
5. Pharmacology
6. California History
7. Religion: The Human Phenomenon
8. Office Administration
9. Human Nutrition
10. Creativity and the Young Child
11. The Other Faces of Los Angeles

Your copy of the INTERTERM 1978 BULLETIN is available TODAY on the table near the 24-Hour Bulletin Board. Take one and spend an hour or two dreaming and planning for your special January experience.

These students attained distinction in the study of Spanish; DIANA VARGAS was honored for her proficiency in French as well. These distinctions, together with their entire scholastic record, merited admission into Alpha Mu Gamma.

Each year, the college community of faculty, staff, and students recognizes these accomplishments by attending Laurel Day, the honors convocation at Doheny; the Baccalaureate Hooding and Mass at the House of Studies Chapel; and the Graduation ceremony on the Chalon Campus for all the college degree programs. We encourage each member of our Doheny Campus to attend these events to honor our graduates. We hope you will make plans to be with us.

As he said in his acceptance speech for his Caldecott Award-winning book, Song of the Swallows, "(I have) love for people, animals, birds and flowers. (I love) the simple warm and earthy things, from the humblest house to the tiniest shell.."

Thought for the Week:

I shall pass
through this world but once.
If, therefore, there be
any kindness I can show,
or any good thing I can do,
let me do it now...
For I shall not pass
this way again.

GRADUATING
STUDENTS

Caps and Gowns may be picked up in the bookstore on Wednesday, May 18.

MOUNT ST. MARY'S COLLEGE - DOHENY CAMPUS
Business Program

Second-year business majors are enrolled in a Business Internship course which provides paid or volunteer working experience, a good place to get a future recommendation, a personal and performance evaluation, and a weekly studying/evaluating seminar session. In the section below, they share some of their experiences.

STELLA
ARAUZ Since I am interested in the health-care field, my internship at Orthopaedic Hospital was a rewarding, valuable experience. I rotated from the Social Service Department to Wills, Trusts and Endowments to the Hemophilia Center to the Personnel Office and finally to the Audio Visual Department. I found this last department very fascinating. It opened up to me a whole new area, and now I am hoping to get into medical photography.

BELIA
BEDOYA I did my internship in DIRECTION SPORTS, a non-profit organization dedicated to teaching and motivating children through sports. My job was that of receptionist and of assistant to the director, Mr. Tulley Brown. Mr. Brown has earned a widespread reputation for his work with sports for underprivileged children, and being associated with him was a very interesting experience. Although this was not my first job, I feel that I benefited a lot from my varied duties.

DELPHINE
CHUAN Working for a freight forwarding company made me aware of what is expected of a service organization--a lot! Among my responsibilities were typing banking documents for shippers exporting out of the United States and sometimes booking space on a vessel for them. Much of our business was transacted by phone; and although I didn't always enjoy the situations, I know I learned a lot of tact. I found my job interesting and rewarding.

ROSALBA
COBOS
MARIA
PALOMARES
EVA
VELASCO All of us worked at the Jefferson and Hill branch of the Bank of America. Our supervisor was Mrs. Betty Bowden who, after working with MSMC internship students last year, asked for more this year. Although our duties were varied, our most valuable experience came from working directly with the public. In helping so many people with their banking needs, we came to realize more and more the importance of integrity, exactitude, poise, and tact. We hope to stay in the banking industry and to advance up the career ladder.

CAROLE
CUADRA My internship was very enjoyable, mainly because of the patience and understanding of Mr. George O. West, attorney at law. While working for him I learned how to type and process many different kinds of court forms--among them complaints, summons, interrogatories, and answers to interrogatories. I had the opportunity of going to court and of filing the court forms which I had prepared. I found that I enjoy legal work very much.

KATHY
CUADRA Working at the American Society of Military History during my internship proved very interesting. There was a lot going on due to the fact that the Society is preparing to open a military museum in Bell, California. I very often found myself in charge of the downtown office where my work consisted of filing, answering the phones, typing up the dictation I had taken, and greeting the clients who came in.

PATRICIA GARCIA Second semester found me working at Downtown L.A. Motors on Figueroa Street. The company sells and services Mercedes Benz and Datsun cars. I enjoyed my duties of typing, filing, and answering letters; and I was glad to get some experience on computers. I am also glad that I will be able to work there full time during the summer.

BERNADETTE GONZAQUE Since I already had a job with the Bank of America, I continued working there during my internship. I am secretary to the assistant manager. Personnel is the area in which I work; and typing, taking dictation, and filing are among my major responsibilities. I find there are many opportunities for advancement with the bank, and my goal is to get into the Legal Department or into Regional Administration.

ANA MONTES DE OCA Security Pacific National Bank at Seventh and Grand provided my internship experience. Since I am part time, I started as a teller. Through this job I have found that I am very interested in the banking field, and that has strengthened my plans for transferring to the Chalon Campus and getting my Bachelor's Degree in Management.

TERRY NAVARRO While working in the law office of Mr. George O. West, I learned how to type legal documents, pleadings, and complaints, and how to file them with the corresponding law clerks and courts. I also got some experience in taking legal dictation. I have come to like this work so much that I plan to continue in the legal field and will probably attend law school in the future.

MARIE A. PIZANO I, too, worked at Downtown L.A. Motors, along with Pat Garcia. My duties were varied and provided me with good experience, but I feel that the most important thing I learned was how very necessary coordination and cooperation are in an office setting. I enjoyed working in a business environment, and I was pleased to have been offered permanent employment with this company.

THERESE RIVERA Working for two attorneys--one being a woman--has given me a greater awareness of the many opportunities available in the legal field. Even though my work involves a lot of responsibility in meeting document deadlines, sending Telex messages abroad, and transcribing from dictaphone machines, I find it challenging because I have so much freedom in doing it. Also, I really like working for a woman lawyer. I find it promotes a relaxed atmosphere for discussing problems, ideas, and even personal matters.

CATHERINE TADADJEU Dr. Larry Hyman was my supervisor in the Department of Linguistics at U.S.C. Besides the usual office duties, I translated texts from my native language into English. I am very happy with this experience because I know I will find it helpful in the kind of work I want to do when I return to my country--Cameroon--after graduation.

JUANITA WILLIAMS I did my internship with Linzer Products, a company specializing in paintbrushes and rollers. While I have gotten good experience in handling orders, filing, taking dictation, and composing outgoing letters, a very valuable facet of my internship was the exposure to the way a business operates in selling its products in a competitive world.

CHRYSTI WILSON The Greater Los Angeles Urban Corps provided the setting for my internship; and its director, Mr. Lewis McKisic was my supervisor. My secretarial duties were varied and the office was pleasant. Holding this position has taught me the importance of patience, efficiency, organization, and last but not least, initiative.

YOU ARE INVITED
TO CONVOCATION
ON SEPTEMBER 7

To set the tone for the new academic year, our President, Sister Magdalen Coughlin, has organized HORIZONS '77-'78. Many activities are being planned as part of HORIZONS, but the highlight will be the Convocation on the morning of September 7 in the House of Studies Chapel.

As keynote speaker, Father Richard McBrien, S.J., of Boston College, will address us on "The Role of the Catholic College in Contemporary American Culture." Father is the author of four books, many articles in professional journals, and two syndicated weekly theology columns.

After Father McBrien's address, Dr. Ruth Hoffman, chairperson of the Sociology Department; Sister Miriam Therese Larkin, chairperson of the Philosophy Department; and Dr. David Leese, director of the American Studies Program, will be respondents. A question and answer period will follow.

That evening, a "Conversation Hour" in the homes of college faculty and administrators will offer all participants an opportunity to share ideas and insights.

Watch for further announcements during the summer of this stimulating all-college Convocation.

IMPORTANT:
SELF-PACE LAB
OPEN THIS WEEK

A number of nursing students have overdue material from the Self-Pace Learning Lab. As we consider our resources as important as those of the Library, we will institute the same end-of-the-year procedure as that followed by the Library for overdue materials, which is that a student who has outstanding items may not receive his/her transcript.

Please return materials on Monday, May 23, or Tuesday, May 24. I will be in the Lab between 10:00 a.m. and 2:30 p.m. on those days. If you are not able to return material during those times, please contact me to make different arrangements.

PRESCHOOL MAJORS
COMPLETE 200 HOURS
OF TEACHING

Preschool majors at the Doheny Campus complete over 200 hours of supervised teaching during their fourth semester. This experience includes planning and carrying out cognitively and creatively oriented activities at the preschool level, supervising and guiding participating in seminars as well as a variety of other related tasks. with the other program courses completed during the two years, eno Sacramento for their California Children's Center Permit, which is positions in Children's Centers. The following students are com-
sed practicum:

MARIA ALVAREZ: "Interesting" and "fun" describe my student teaching experience. I learned a lot about different children, especially the ones in my own small group. Each is very active, and at the same time, very special to me in his or her own way. I did my student teaching in the Center at Doheny with Rebecca Thomas as a very cooperative master teacher. I also enjoyed working with her aide, Chris. I am planning to study for a B.A. degree; this summer I will work with children as a preschool teacher.

ALITA COVEL: I completed my student teaching in the Child Development Center here at Doheny. My master teacher was Sandy Burud. I was fortunate that, in addition to learning many things about the stages of children's development, I was also able to observe them first-hand. I worked on various concepts with the children, learned effective and meaningful ways of dealing with them, and observed their individual abilities and characteristics. I have come to appreciate and understand more than ever the beautiful, sometimes distressing, world of a child.

MARILDA FRANCISCO: I feel that the many hours I put into my supervised teaching at the Child Development Center, under the supervision of Sandy Burud, were of great importance to me. A teacher has many responsibilities: she must be mature enough to give the mothering love that young children require, and at the same time, emphasize to the child the importance of his own mother and father. The teacher must be knowledgeable about curriculum content and methods, and competent in combining love, security, protection, and physical care with educational experiences for the child. She is responsible for planning and carrying out the daily program and for fostering relationships between children, parents, community and the center. Children are a special group of people to me, and I'm ready to take on that challenge!

NANCY HAMES: I did my student teaching at Trade Tech Day Care Center. The children who come to this school have parents who attend Trade Tech. I taught under Norma Johnson. While doing my student teaching three days a week, I set up activities in math, language, art, cooking and music. Next year I will be working with children part-time while completing my education.

MARTY HERNANDEZ: My student teaching was done at Los Angeles Trade Technical College Children's Center. My master teacher was Carol Fry. I really enjoyed working at this center because I not only taught these children, but they also taught me many things about themselves that will help me in the future. I plan to be working in the Los Angeles City School Children's Centers.

JANET SCHMITZ: I did my supervised teaching at the C.D.C. at Doheny under Teresa Trujillo as my master teacher. I learned a lot from Teresa about how to discipline and talk to children. The experiences I had in preparing and doing lessons with the children were rewarding and really helpful toward my future plan of being a teacher in a preschool with the goal of someday becoming a director or owner of my own child care center.

OLIVIA TAMAYO: My two years at Doheny have been spent preparing myself for the role of a teacher's assistant in a preschool. This last semester gave direct contact in working at the Child Development Center under the supervision of Mary Jane Welles and Rebecca Thomas. Working with the children has been a great learning experience and a very challenging one. My future plans are to get a B.A. degree in Child Development.

ANNETTE UTPADEL: I did my student teaching at Mt. St. Mary's Child Development Center. Teresa Trujillo was my master teacher, and with her help I planned four activities a week which I carried out with the children. I enjoyed this because I learned many new things about children that will help me with my teaching next year at a Montessori School.

MARIA VALDIVIA: It has taken two and a half years of hard work for me to get where I am. I am completing my student teaching at Mt. St. Mary's Child Development Center. This experience has made me more aware of the need for bilingual teachers. I have enjoyed working with the children; they felt comfortable around me, and this helped me a great deal. The other teachers have helped me to widen my knowledge of children's needs. Personally, I loved the experience because of its future professional value, as well as for the help it has given me in working with my own son.

LISA WILSON: I student-taught at Trade Tech Children's Center under the supervision of Mary Norman. It was a very different experience from that which I had received here on campus. I found working with these children very rewarding. I plan to continue my education to obtain a credential in special education to teach mentally retarded children.
